**SARAH NETBURN, United States Magistrate Judge:**

For the reasons stated on the record during the February 3, 2022 conference, and following a bench trial on November 29, 30, and December 1, 2021, I find that Plaintiffs have not proven their Fair Labor Standards Act, New York Labor Law, or state common law claims by a preponderance of the evidence. I therefore find for Defendants on all counts. The Clerk of Court is respectfully directed to enter judgment in Defendants' favor and to close the case.

**SO ORDERED.**
